SECTION B (50Marks)

51. Read the passage below carefully and in full sentences, answer the questions that follow.

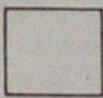

Debating is an enjoyable activity in our communities. People come together during debate. They talk in a friendly way to one another. The two main sides of speakers usually argue with a smile. But they don't agree. People who debate are very clever. They ask others for the views. The debate becomes interesting.

During the debate, we have several points. The point of order means that a speaker is not doing the right thing. A point of information means that a speaker has left out something. That one of support means that you support the speaker. When the audience begins to debate, there is a lot of happiness. Some tell lies and others the truth.

The chairperson must be a strong person. He can tell the audience to keep order. He can also send some people out. At the end, the views of different sides are read. The winners jump in the air. The losers keep quiet. But that is debate.
