(Rewrite using:.....much as.....)

50. Miriam went to school very late. She did not meet the headmaster.
(Rewrite using:.....because.....)

SECTION B

32. Read the passage below carefully and in full sentences, answer the questions that follow.

Mr. Mukoona Grace is a well-known postman in Butonti Zone. He has delivered mail in this area for the past about twenty-five years. Right now, he is sixty-five years old. He is married to Kampi Suzan, with whom he has five children. Four boys and a girl. All the boys are working with different companies in the country.

The eldest, George, works with UBOS, Niko, the second born works at Luuka Tea Estate and Waiswa the third born works at Bulopa Secondary School where he is the headmaster and also employed his brother Kato as the canteen manager. The girl in this family is Bwenene, but everybody calls her 'Princess'. She is still schooling at Kasaka Primary School in P.7.

She was told that she is to be called Princess until her P.7 results are out. If she excels with aggregate 4, she will retain that name. If she does not score as expected, no one in the family will call her by her beloved name ever again. Princess is working very hard in all her class assignments, consulting all teachers for help where she is not conversant and being very active in group discussions.

Because she wants to be called 'Princess' for the rest of her life, she is doing all it takes to beat her brothers by scoring aggregate four which none of them scored. "Though Science is still hard, I will fight to the end to ensure that I beat all my brothers," said Bwenene. On hearing this from her daughter, Mrs. Mukoona vowed to take on all the house chores and exempt her Princess from them all in order to achieve that success for the two women in the house.

Questions

a) What is Mr. Mukoona Grace?

b) For how many years has Mr. Mukoona served in Butonti Zone?

c) Where does Bwenene go to school?

d) What condition was set up for Bwenene to retain the name Princess?

e) Why is Bwenene working very hard in class?

f) What shows that Bwenene is determined to excel?

g) Who is Bwenene studying hard to beat?

h) What vow did Mrs. Mukoona make?

i) Give another word or group of words with the same meaning as;

a) vowed _____

b) exempt _____

j) Suggest a suitable title to this story.

52. The notice below appeared in Ogure Newspaper on Wednesday 1st May 2024. Study it carefully and then answer the questions about it in full sentences.

CENSUS! CENSUS! CENSUS!

This is to notify all households in Otuboi Village that there will be a census exercise in your area.

Therefore, you are encouraged to stay at your homes.

WHEN: 10th -19th May 2024

TIME: 7: 00a.m to 5:00p.m.(**daily**)

Note: You are required to give correct information so that the government can plan for you.

SECRETARY,

Uganda Bureau of Statistics (**UBOS**)

25/04/24

Questions

a) What is the notice about?

b) Where can one find this notice?

c) How long did the activity take?

d) On what date did the activity start?

e) According to the notice, why were people required to give correct information?

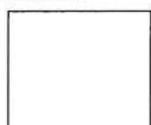

f) Who was being notified in the notice above?

g) Why would you think that carrying out population census is important to a country?

h) When was the notice put up?

i) Who put up the above notice?

j) What were the households advised to do?

52. Read the poem below and answer in full sentences, the questions about it.

I am a source of discipline to all
I humble every candidate for months
As they prepare in advance to conquer me
The candidates spend sleepless nights All
in the name of preparing for me.

I cause stress to candidates
But I give ability
To stay focused under pressure
Remembering what was taught far back
And apply it to the questions in hand
To be accomplished in less than three hours.

All qualification in life
Acquired through me
I am a ticket to the job world
At all levels I play a big role
Without me,
Your career paths are very limited.

Questions

1. What is the poem about?

2. What does the writer do to every candidate?

3. Why do candidates prepare in advance according to stanza one?

4. How are all qualifications needed in life acquired?

5. Why do candidates spend sleepless nights?

6. How long does one need to answer questions in hand?

7. What happens to one's career paths without the writer?

8. How many stanzas are in the poem?

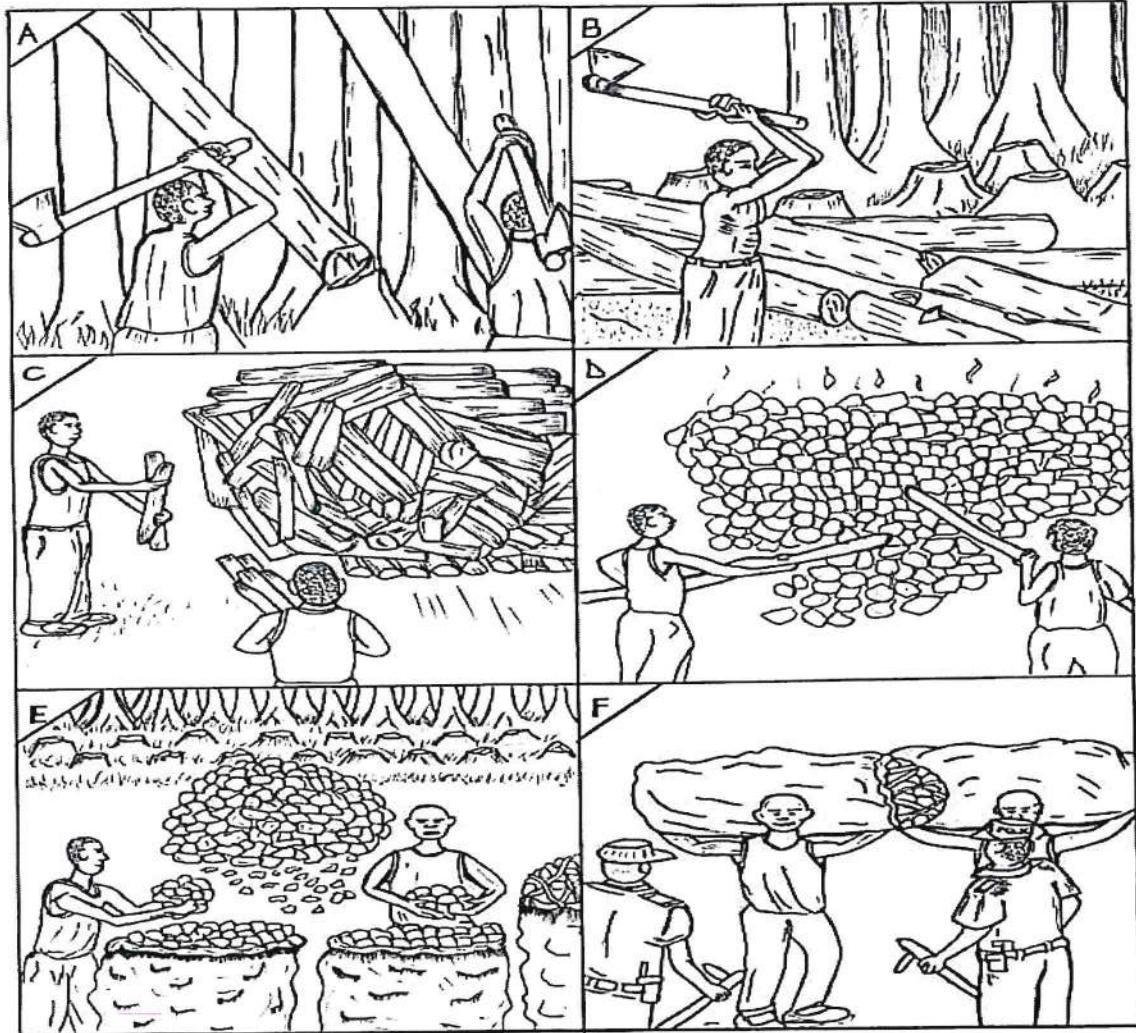

9. Give another word or group of words with the same as each of the underlined words in the poem.

- i) accomplished _____
ii) ii) acquired _____

54. The pictures A-F tell a story. Study them and write one sentence to describe what is happening in each picture. You may use any of the following words to help you.

men, burning, packing, sack, carry, wood cutting, split, pile, selling, policemen,

- a) Picture A _____
- b) Picture B _____
- c) Picture C _____
- d) Picture D _____
- e) Picture E _____
- f) Picture F _____

g) From which material did the two men make charcoal?

h) What are the two men doing in picture D?

Digitized by srujanika@gmail.com

i) Why would you think the police officers have stopped the two men?

j) Suggest a suitable title for the story.

55. The sentences below are in a wrong order. Rewrite them to form a correct story about "Child Abuse".

- a) After people had rescued him, they called the police.
 - b) Child abuse is common these days.
 - c) First, cases of defilement are on the rise.
 - d) He felt a lot of pain and screamed for help.
 - e) He was abused by his aunt.
 - f) Last week, one of my classmates was abused.
 - g) Secondly, children are tortured.
 - h) The aunt tied his hands with banana fibres and set them ablaze.
 - i) They are tortured both at home and at school.
 - j) This was because he had used five hundred shillings without her permission.

SECTION A (40 Marks)

1.	Work out: 24×3	6	Using a ruler and a pair of compasses, construct a complementary angle of 15°
2	Given that $A = \{b, o, y\}$ List down all proper subsets of set A.	7	Write 20.24 in words.
3	Solve for y : $2^{3y-1} - 60 = 4$	8	In the venn diagram below shaded set A or set B. 
4	What number has been expanded to give. $(3 \times 10^2) + (7 \times 10^0) + (2 \times 10^{-2})$	9	A forty minute lesson ended at 12:15p.m. At what time did it start?
5	Find the sum of all prime numbers between 60 and 80.	10	Express 0.00906 in standard form.

11	The temperature of ice in the morning was -7°C . It increased to $+6^{\circ}\text{C}$. What was the increase in temperature?	16	Find the square root of the next number in the sequence. 16, 25, 36, 49, _____
12	Mr. Zula bought 2 dozens of exercise books at sh. 24,000. He later sold each book at sh. 1800. How much profit did he make?	17	A die is tossed once. What is the probability that a composite number will show on top?
13	Find the area of the figure below.	18	$\frac{4}{6}$ of the animals in Bwire's farm are goats, the rest are cows; If there are 140 cows. How many animals are on the farm?
14	In a class, 40% are boys and 30 are girls. Find the total number of pupils in the class.	19	In the figure below, find the value of n in degrees.
15	Waswa covered a distance of 540km at speed of 90Km/h. How many more hours will he use if he drives at 60Km/h to cover the same distance?	20	A bucket full of water weighs 20kg. When it is $\frac{2}{3}$ full, it weighs 14kg. Find the weight of an empty bucket.

Section B

- 21 The venn diagram below shows the number of pupils who like English (E) and Mathematics (M). Study it carefully and use it to answer questions that follow.

a) Given that 38 pupils don't like Mathematics, find the value of y . (2mks)

b) Find the probability of picking a pupil at random who likes English. (3mks)

22 Work out; 1000_{two}

$$\begin{array}{r} 1000_{\text{two}} \\ - 11_{\text{two}} \\ \hline \end{array}$$

(2mks)

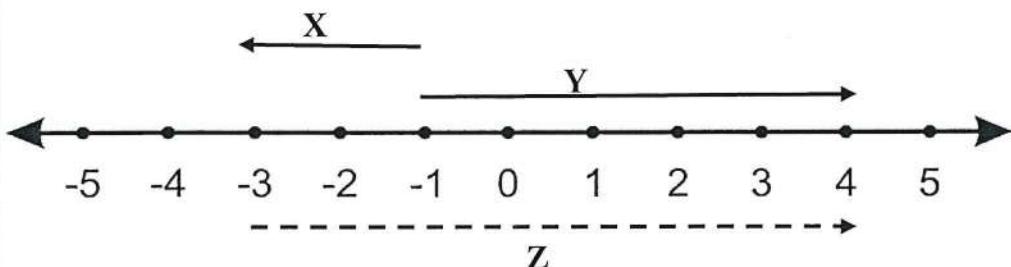

b) Find the value of n in $24_n = 22_{\text{six}}$ (2mk)

(2mks)

23	<p>Joy, Jane and Juan contributed money for a party in the ratio 2:4:5 respectively. Jane contributed sh. 120,000 Less than Joy and Juan</p> <p>a) Find their total contribution. (3mks)</p>
b)	<p>How much more did Juan contribute than Joy? (2mks)</p>
24	<p>Work out : $\frac{0.78 - 0.24}{0.04 + 0.14}$ (3mks)</p>
b)	<p>Simplify: $\frac{4}{5} \times \frac{3}{7} \div \frac{9}{14} + 2\frac{7}{15}$ (2mks)</p>
25	<p>Kakama rolled a bicycle wheel of diameter 140cm from point X to point Y at a steady speed of 4km/h. The wheel made 2000 complete turns.</p> <p>Find the area of the wheel. (2mks)</p>

	a) Find the size of angle y.	b) Find size of angle x.
c)	The exterior angle of a regular octagon is $2y + 15^\circ$. Find the value of y.	(2mks)
29	Mrs. Katongle bought 30 plates at sh. 4,000 each. On the way, some plates got broken. She sold the remaining plates at sh. 4,500 each and made a loss of sh. 12,000. How many plates got broken?	(4mks)
30	Using a ruler and a pair of compasses, construct a triangle PQR in which $PQ = 6\text{cm}$, $PR = 5\text{cm}$ and angle $QPR = 120^\circ$	
b)	Measure angle PQR.	

31 Study the figure and answer the questions that follow.

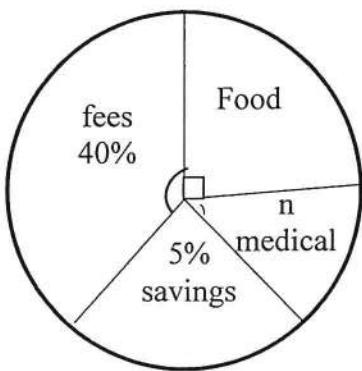

a) Name the arrow.

i) $X =$ ii) $Y =$ iii) $Z =$

(1@mks)

b) Write down a mathematical sentence represented above.

32 The pie-chart below shows Mr. Kimera's monthly expenditure. Use it to answer questions that follow.

a) Find the percentage represented by n.

b) If Mr. Kimera spends sh. 480.000 on food than fees, find his monthly income.

Section A

1. Name the injury caused when hot porridge gets into contact with the human skin.

.....

2. Give any one example of a plant that reproduces without pollination.

.....

3. Mention any one quality of fertile soil.

.....

4. How can bad smell be avoided in a ventilated improved pit (VIP) latrine?

.....

5. To which group of invertebrates do ticks belong?

.....

6. State any one way in which thinning improves crop yields in crop growing.

.....

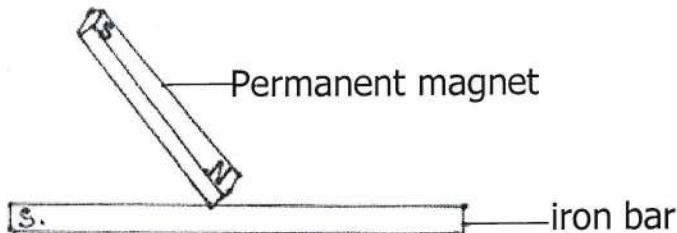

7. Write one thing that should be done inorder to get accurate amount of rainfall when using a rain gauge.

.....

8. Where in the body is excess sugar stored?

.....

The diagram below shows a method of making magnets. Study and use it to answer question 9.

9. If part marked S on the iron bar is the south pole, use arrows to show direction of stroking the permanent magnet on the above diagram.

.....

10. Apart from vitamins, which other component of a balanced diet protects the body from disease infections?

.....

11. Give any one characteristic of the air sacs (alveoli) that makes them suitable for gaseous exchange.

.....

12. State any one danger of not completing a dose of prescribed drugs by patients.

.....

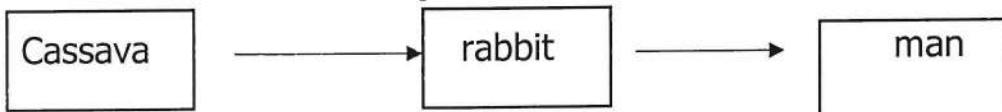

13. Why does heat travel faster in gaseous state than in other states of matter?

.....

14. Write down any one step involved in cleaning clothes where soap is used.

.....

The illustration below is of a feeding relationship in the environment. Study and use it to answer questions 15 and 16.

15. Name the feeding relationship shown above.

.....

16. Apart from being food, mention one other way a rabbit benefits from cassava.

.....

17. Write any one way of controlling roundworm infestation in humans.

.....

18. Name one product made from plant fibres in the environment.

.....

19. What is immunity?

.....

.....

20. Give any one importance of health survey in a community.

.....

21. What type of eclipse that occurs when light from the sun is blocked by the earth?

.....

22. How does refrigeration promote milk preservation?

.....

23. Which element of Primary Health Care (PHC) is promoted through conducting health parades in schools?

.....

24. Give any one way machines simplify work for people.

.....

25. State any one way in which the function of other arteries in the body differs from that of pulmonary artery during blood circulation.

.....

26. Name the form of energy that only travels in the presence of matter.

.....

The diagram below is of a hutch. Use it to answer question 27.

27. Give any one reason for raising the hutch as shown in the diagram above.

.....

28. At what age is the first dose of DPT vaccine administration to babies?

.....

29. Give any one reason why mushrooms and moulds commonly grow in places with decomposing matter.

.....

30. Mention any one way a P7 candidate can keep his/her body clean.

.....

31. Why does a stone weigh less when placed on a table than when placed on the ground?

.....

32. Write any one benefit of rearing poultry using deep litter system.

.....

33. State any one danger of eating food without washing hands.

.....

34. By what process does water change to steam?

.....

35. Give any one way in which the process named in question (34) above is useful to people.

.....

36. State any one way in which bacteria improve soil fertility.

.....

37. Mention any one disorder of the human skeleton.

.....

38. How are body feathers able to keep birds warm?

.....

39. State any one factor that enables digestion of proteins to take place in the stomach.

.....

40. Name the type of teeth that are missing in the dentition of a 2 year old baby.

.....

Section B

41a) Write any one activity done to promote each of the following;

(i) Sanitation.

(ii) Immunisation

b) Give any two importance of immunisation to a community.

(i)

(ii)

42a) Give one piece of information on livestock farm kept in the following records.

(i) Health records.....

.....

(ii) Inventory records

.....

b) State any two problems faced by farmers who do not keep farm records.

(i)

(ii)

43a) What do we call a state when soil can not support growth of plants any more?

.....

b) Write any two causes of the state of soil in (a) above.

(i)

(ii)

c) Give any one way of caring for the soil.

.....

44. The table below has common terms used in drugs in part L and part M has the meaning of the terms but in wrong order.

PART L: TERMS	PART M: MEANING
Drug prescription	Using drugs in ways that harm the body.
Drug dependency	Taking more than recommended drug amount.
Drug overdose	Written instructions to guide patients how to use drugs.
Drug abuse	Condition when one's body becomes addicted to a drug.

Use the meanings in part M of the table to match the terms below.

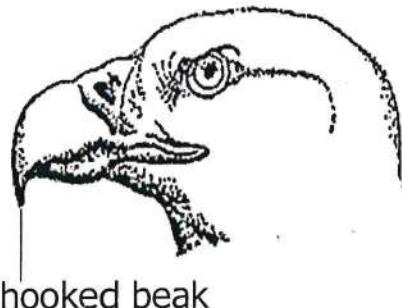

a) Drug prescription

b) Drug dependency

c) Drug overdose

d) Drug abuse

45. The diagram below shows the beak of a bird. Study and use it to answer questions that follow.

a) Mention the group of birds with the beak shown in the diagram above.

.....

b) Name any two birds that belong to the above mentioned group.

- (i)
- (ii)

c) How is the hooked beak useful to the bird shown in diagram?

.....

46a) State one function of the following parts of a sugar cane plant.

- (i) Leaves:
- (ii) prop roots:

b) Why are stem cuttings of a sugar cane plant used for its propagation?

.....

- (c) Mention any one tuber crop which is propagated in the same way as sugar cane.
-

47a) State two factors that affect the quality of images in a pinhole camera.

- (i)
- (ii)

b) Why should the inside parts of a pinhole camera be blackened?

.....

c) Give any one characteristic of images formed in pinhole cameras.

.....

48a) Mention the part of the human reproductive system where the following takes place;

(i) Storing sperms:

(ii) Implantation:

(iii) Union of a sperm and an ovum:.....

b) Give any one function of placenta during pregnancy.

.....

49a) Apart from female mosquitoes, name one other insect vector that feeds on blood.

.....

b) Why do female mosquitoes feed on blood?

.....

c) Mention the disease spread by female culex mosquitoes to people.

.....

d) Give any one way of controlling mosquito breeding at the larva stage.

.....

50a) Below are steps followed to recover salt that has been mixed with sand with some steps missing. Study and complete it correctly.

(i) Put the mixture of salt and sand into a container and pour water in it.

(ii)

(iii) Filter the mixture .

(iv)

b) State the importance of the following during the experiment;

(i) step (ii)

(ii) filtering the mixture.

51. The table below shows classes of food in a balanced diet their sources and importance in the body. Study and complete the missing information.

CLASSES OF FOOD	SOURCE	IMPORTANCE IN THE BODY
a) _____	fish	For body building and repair of damaged tissues.
vitamins	b) _____	Protects the body against infections.
Fats and oils	butter	(c)
d) _____	Whole grains	Promote regular bowel movements and prevents constipation.

53a) What is agroforestry?

.....
.....

b) How does agroforestry control air pollution in an area?

.....

c) Why should trees used in agroforestry have roots that grow deep into the soil?

.....

d) Mention any one method of harvesting wood from trees.

.....

54a) Name the condition for rusting present in a dry cool place.

.....

b) Why is rusting considered to be a chemical change?

.....

c) Give two ways of protecting metals against rusting.

(i)

(ii)

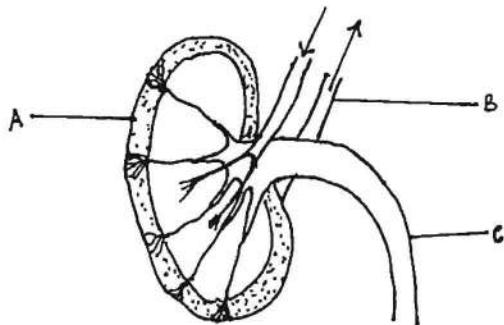

54a) Give two natural causes of food insecurity in a community.

- (i)
(ii)

b) Write down two ways of promoting food security in an area.

- (i)
(ii)

55. The diagram below shows the human kidney. Study and use it to answer questions that follow.

a) Name the parts marked **B** and **C**.

- (i) **B**
(ii) **C**

b) Give any one component of the substance carried through part marked **C**.

-
c) State any one characteristic of part **A** that makes it able to filter blood.

.....

23. Mention any one way mobile phones have helped the police to maintain law and order.

.....

24. How does the symbol below promote industrialisation?

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

25. State any one use of school assemblies to the pupils.

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

26. Why is L. Tanganyika regarded as an inter-territorial lake?

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

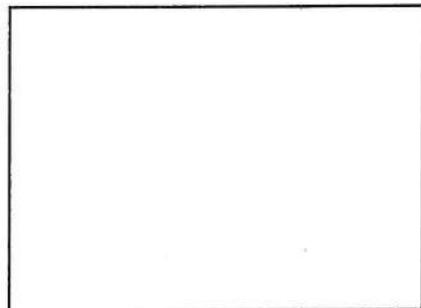

27. In which way does living in nuclear family promote health of children?

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

28. Name the economic grouping that unites Nile valley countries.

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

29. Draw a compass direction in the space below.

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

30. Identify any one condition that can lead to a national mourning.

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

31. How did monsoon winds help Arabs to trade with Africans?

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

32. Name the only enclave country in Africa.

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

33. How are Bagisu similar to Chagga in terms of their ethnicity?

34. Why did Bachwezi introduce the ditch system?

.....

35. How do forests promote the work of carpenters?

.....

For questions 36-40, answer Either Christianity or Islam but not both on the same number.
