Questions 51 to 55 carry ten marks each. Do them all.

51. Read the passage below carefully and then answer in full sentences the questions that follow.

Mr. Manoti is a well known baker in Banada Town, Kyoto District. He started the baking business in February last year. Mr. Manoti employs over two hundred workers in his bakery. He pays them very high salaries every month. This is why they do the work with great interest.

Being that Mr. Manoti is always busy moving around the nearby towns and trading centers selling bread, Mrs. Phiona Manoti, his wife helps to supervise the employees at the bakery. She makes sure that they bake good quality bread and produce what is enough to meet the high demand on market.

Mr. Manoti's bakery produces over one thousand loaves of bread on daily basis. He pays his workers using the money got from the sales. He also uses part of the money for paying his children's school fees. The Uganda Revenue Authority also taxes Mr. Manoti, this means that he also pays some taxes to the government every month.

However, there are some challenges Mr. Manoti faces. Among them is high competition with other bakeries in the country especially on the quality of bread. Another one is high cost of transport because he hires special vehicles to transport his bread. Lastly, some shopkeepers who take the bread on credit do not want to pay him the money in time. This affects him a great deal in buying ingredients.

Mr. Manoti now has a plan of buying his own vehicles and opening a baker's shop in future. This will help him reduce the cost of transport.
