ISSUE 04

English

SECTION A

In questions 1 to 5, fill in the blanks with a suitable word.

1. That is the mechanic _____ tool box was stolen last week.
2. How much _____ will you pay to travel by bus from Kampala to Arua?
3. There is a lot of information on _____ internet.
4. I would speak Kiswahili if I _____ a Kenyan.
5. _____ the cashier nor the manager received the cheque.

In questions 6 to 15, use the correct form of the word given in brackets to complete the sentences.

6. Samantha is my _____ friend. (affection)
7. The _____ of the taxi was delayed due to stormy weather. (depart)
8. All the _____ will be taken to court tomorrow. (crime)
9. She has left the cash _____ form at teller's desk. (withdraw)
10. That coach has sixty-five _____ for the passengers. (sit)

11. My father read the _____ which appeared in The Monitor yesterday. (advertise)
12. Joanita wrote to her _____ pen pal this morning. (Congo)

13. Police have arrested an innocent _____ from the city centre. (journal)
14. To whom was the letter of _____ addressed? (invite)

15. The secretary _____ deleted the email from the computer. (accident)

In questions 16 and 17, rearrange the words to form a meaningful sentence.

16. vehicles A used jack is raising for.

17. Uganda peaceful a What is country!

In questions 18 to 20, rewrite the sentences giving a single word for the underlined group of words.

18. Charles is a person who collects money from passengers.

19. Have you read the most important news on the front page in the Guardian Newspaper today?

20. How important a book that contains addresses and telephone numbers is!

In questions 21 and 22, give the plural form of the given word.

21. arrow
22. address

In questions 23 and 24, write the given abbreviations in their full forms.

23. tel.
24. ATM

In questions 25 and 26, rewrite the sentences giving the opposite of the underlined words.

25. Our village is very secure.

26. We shall host our Rwandan friends next week.

In questions 27 and 28, use each of the given words in a sentence to show that you know the difference in their meaning.

27. dear
28. deer

English answers to issue 03

SECTION A

- | | |
|--|----------------------|
| 1. What | 2. furniture |
| 3. since | 4. only |
| 5. fasten | 6. receptionist |
| 7. fortieth | 8. voluntarily |
| 9. lain | 10. juicier |
| 11. knelt | 12. Rwandans |
| 13. themselves | 14. more beautifully |
| 15. grief | |
| 16. help, holidays, home, house | |
| 17. advertisement, affectionately, enclose, envelope | |
| 18. ship – (The idea of a large boat for carrying people/goods by sea) | |
| 19. sheep – (The idea of an animal kept on farms) | |

In questions 29 and 30, arrange the given words in an alphabetical order.

29. defence, case, front, envelope
30. bar, back, battle, bank

In questions 31 to 50, rewrite the sentences as instructed in brackets.

31. The article was about the tribes in Uganda. It appeared in the Observer Magazine. (Join the sentences using:which,)
32. It is wrong for us to drive vehicles that have faulty brakes. (Rewrite using:mustn't.....)
33. Mathew will fill the crossword puzzle tomorrow. (Rewrite using:will be.....)
34. The beautiful girl saw some cartoons. She was reading a local newspaper. (Join the sentences beginning: While.....)
35. It is not necessary for Robert to buy airtime for the landline. (Rewrite:needn't.....)
36. Mrs. Osuna has gone to the bank. She wants to open a savings account. (Join the sentences using:so as.....)
37. If Amuza reports the case to court, the suspects will be arrested by police. (Rewrite the sentence using:would.....)
38. This letter is very long. I cannot read it now. (Join using:too.....to.....)
39. Samuel prefers writing letters to sending emails. (Rewrite using:would rather.....)
40. You will not see clearly if you don't clean the windscreens of the car. (Rewrite the sentence using:unless.....)
41. Their aunt always travels to her destination in a coach. (Rewrite using:often.....)
42. Daniel has a lot of money. He can pay for a private box at the Post Office. (Rewrite as one sentence using:enough.....)
43. The judge was very merciless. She sentenced the offenders to life imprisonment. (Join using:so.....that.....)
44. Betty has a bank account. Fred has a bank account. (Begin: Both.....)
45. I beg you to reply to my letter, please. (Begin Could.....)
46. Esther can surf the internet. She can play online games. (Rewrite:either.....)
47. We may attend the birthday ceremony together with our teachers. (Rewrite the sentence using:likely.....)

48. As soon as Jeremiah opened his personal account, he deposited some money into it. (Rewrite the sentence using:immediately....)
49. Tabisa did not pay the fare. Teopista did not pay the fare. (Join beginning: Neither.....)
50. The pupils are eager to break up for their holidays next month. (Rewrite using:looking forward.....)

51. Read this passage and use it to answer the questions that follow in full sentences.
Wendo Parish is a small area located in Poyem Sub-county. This parish is not safe to live in. There are very many criminals in it. Robbers break into homes of residents every night. Boda boda riders are hit with hammers by merciless thieves daily. There is no peace and security in the parish.

Recently, the residents wrote to the sub-county

- (a) Where was the notice displayed?
- (b) What did the old clients receive from Ms. Ankunda Rehema?
- (c) When did the new clients open accounts in the bank?
- (d) Which activity took the longest time?
- (e) Who is the manager of the bank?
- (f) Why do you think some bank accounts would be closed?
- (g) To whom did the loan applicants address their letters?
- (h) How helpful was Engineer Sowade Ahmed to the bank?
- (i) What happened at the bank on 4th April, 2024?
- (j) Who wrote the bank notice?

53. Read the poem below and use it to answer the questions that follow in full sentences.

Culture! Culture! Culture!
A very important aspect of life it is
The aspect that never dies
For the old teach the young their culture
Generation to generation culture lives.

Culture, a symbol of identity it is
Through languages it is shown
Kinyarwanda for Rwandans
Kiswahili for Kenyans and Tanzanians
Lingala for the Congolese
And French for the Frenchmen

Culture, a symbol of morality
That varies among different nationalities
Ugandans reject same-sex marriage
Americans promote same-sex marriage
Culture is culture everywhere in the world.

Fellow Ugandans, let's rise and preserve our culture
Ugandans don't practice homosexuality
African girls kneel down to greet people
Ugandans dress decently and look smart
Don't copy western culture,
Our culture is our culture
Teach our children our languages
In schools and in homes

Activity at the Bank	Staff in charge	Date for the Activity
Opening of accounts for new clients.	Ms. Meme Justine, teller 4 in the bank.	10 th Feb to 29 th Feb, 2024
Giving out new ATM cards to the old clients.	Ms. Ankunda Rehema, teller at inquiry desk.	10 th Feb to 12 th March, 2024
Receiving of damaged paper money (notes) from clients.	Mr. Etoto Gasta, teller 2 in the bank.	15 th Feb. to 10 th April, 2024
Interviews for new cashiers.	Mrs. Wesonga Pamela, Branch Manager.	4 th April, 2024
Maintenance of the automated teller machine (ATM)	Eng. Sowade Ahmed, ATM Technician	4 th April to 5 th April 2024
Closure of dormant accounts	Miss Veronica Nyachwo, Branch Supervisor	7 th April, 2024
Release of loans to the qualified applicants.	Mr. Bengo Thomas, Loans Officer	8 th April to 10 th April, 2024

Prepared by: Management

Journalist: Good afternoon, young man.

Abdul: _____

Journalist: I am happy to see you. What is your name?

Abdul: _____

Journalist: How may I help you, Abdul?

Abdul: _____

Journalist: You want to talk to the editor but you don't know where her office is! What do you want to give the editor?

Abdul: _____

Journalist: Wow! What is your article about?

Abdul: _____

Journalist: I like the choice of the topic. Why did you write about sports?

Abdul: _____

Journalist: You want the government to promote sports in schools. That is a great idea. Which newspaper do you always read?

Abdul: _____

Journalist: Thank you for accepting my request. I know you will learn a lot from the articles in the two newspapers.

Abdul: _____

Journalist: Goodbye too, Abdul. It has been nice chatting with you this afternoon.

55. Imagine you are a pupil of Kayunga Seed Primary School, PO Box 74, Kayunga. Using your school address, write a letter to your uncle, Edward, requesting him to take you to the internet café. Tell him your computer teacher asked you to visit the website for some information. Ask him to prepare some money for your breakfast and lunch since you will spend a long time in the café. Promise that you will share the information from the website with him. Assure him you will not watch pornographic videos or play games on the computer while you are browsing the website.

- for mutton or wool)
20. debate secretaries
21. pairs of scissors
22. handkerchiefs
23. Tom is a confident boy.
24. Mummy will deposit my school fees on Friday.
25. Mistress
26. cash on delivery
27. Masane is in the same school with her nephew.
28. Jubail stayed in Moyo for a fortnight.
29. You should not give your dog raw food.
30. Zebra House lost the Athletics competition with a very small margin.

31. Musa is more interested in watching football than in listening to music.
32. Akello was such an honest woman that she could not disappear with our money.
33. Mr. Mumwa didn't eat much food at the party, did he?
34. Having broken the chalkboard ruler, Kiweewa apologized to the class teacher.
35. I would go to the market if I had money.
36. Not a single bridesmaid talked to us politely.
37. The patient is strong enough to bathe herself.
38. The old man was taken to hospital. He did not die.
39. By the time the teacher sent the naughty boy out of the classroom, the naughty boy had torn

- five books.
40. "Teacher, can you call my parents for me?" asked Peter.
41. This mallet was found in the street by Magembe yesterday.
42. To teach a pupil who is undisciplined is very hard.
43. James has an expensive dictionary and so does Rose.
44. Unless she invites me, I will not attend the wedding.
45. Omoding enjoys not only riding a bicycle but also reading novels.
46. Mirembe came early in order not to miss the first lesson.

Mathematics

Kennedy Agaba
Mbarara Municipal School

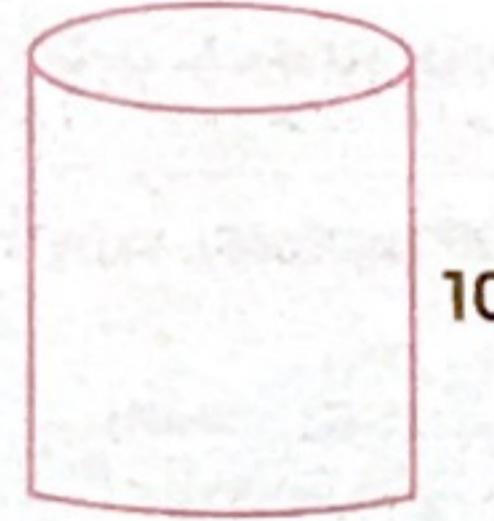

SECTION A (40 Marks)

- Work out: 2×3 .
- Solve $3 - n = 5$
- Write CXLIV in words.
- Work $1 - 4 =$ finite 5
- Find the next two numbers in the sequence. 1, 4, 9, 16, 25, _____
- The G.C.F of two numbers is 6 and their L.C.M is 72. If one of the numbers is 18 find the second number.
- A fifty minute meeting started in the morning at the time shown on the clock face below.

At what time did it end?

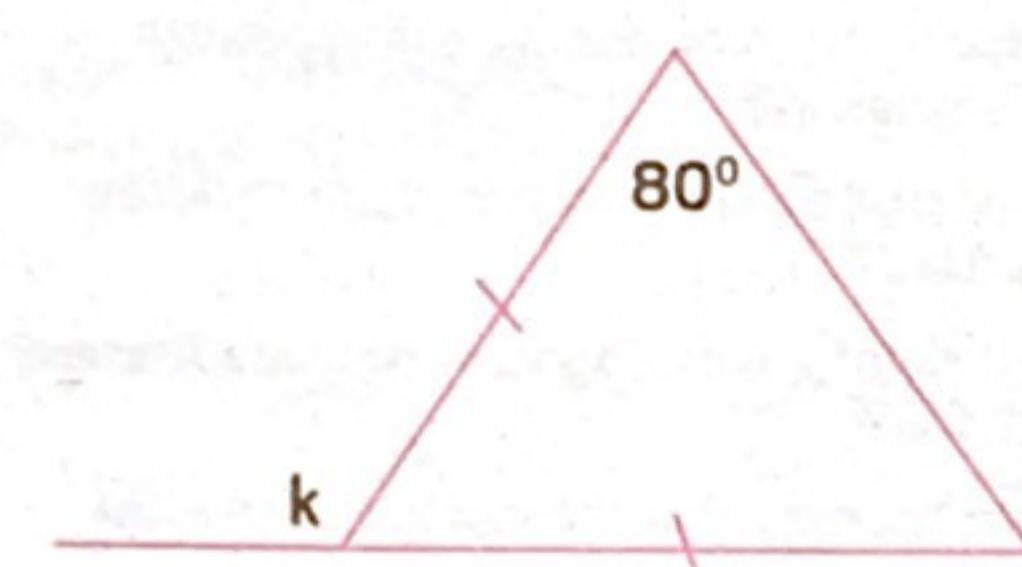

- Given that set $A = \{c, u, p\}$. How many proper subsets are in set A?
- The base area of the cylindrical tin below is 154cm^2 . Find its volume.

- Badru bought a shirt at Shs40,000

and later sold it making a profit of Shs5,000. Find his selling price.

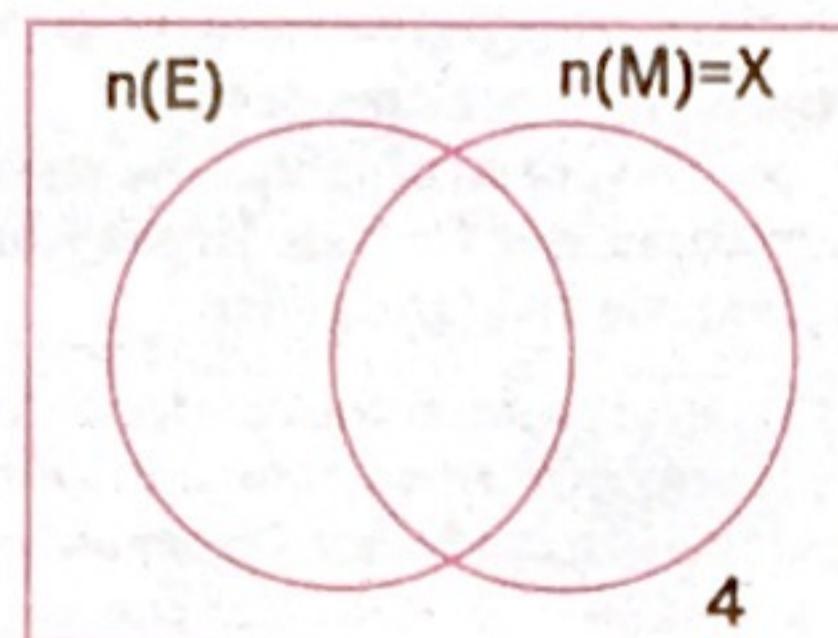

- The probability that Jane will pass her mock exams is $\frac{3}{5}$. What is the probability that she will fail her mock exams?
- Work out $\frac{3}{4}$ of $8 - (12 \div 6)$
- Calculate the size of the angle marked with k in the figure below.

- At a Riham cola factory, bottles are packed in packs of 12 bottles each. If they pack 500 packs a day, how many bottles are packed in a week?
- Work out $110_{\text{two}} \times 11_{\text{two}}$
- Simplify $5 - 3(2y - 3) - 7y$
- Find the product of the value of 8 and the value of 4 in the number 286.43
- Annet got 10 wrong answers in a test set out of 50 questions. What was her percentage score?
- Oplot was given a bundle of five thousand shilling notes numbered from HK 284295 to HK 284334 consecutively. How much money was he given?
- Given that $a=8$, $b=9$ and $c=6$. Find the value of $\frac{ab}{c}$

SECTION B (60 Marks)

- In a class of 40 pupils, 25 pupils like English (E), X pupils like Maths (M), 10 like both English and Maths while 4 like neither of the two subjects.

- Complete the above Venn diagram using the given information
- Find the value of X.
- How many pupils like Maths?
- Joyce went for shopping and bought the following items.
4 kgs of rice at Shs3,500 per kg.
2 kg of groundnuts at Shs10,000
25 tomatoes at Shs1000 for every 5 tomatoes.
500gms of onions at Shs2000 per 250gms.
- Work out his total expenditure.
- If he went back home with Shs7,000 how much money did he have at the beginning?
- Simplify $\frac{0.12 \times 4.8}{0.3 \times 0.6}$
- The perimeter of a semi-circular pound is 72m.
- Find its radius of the pound.
- Find the amount of money needed

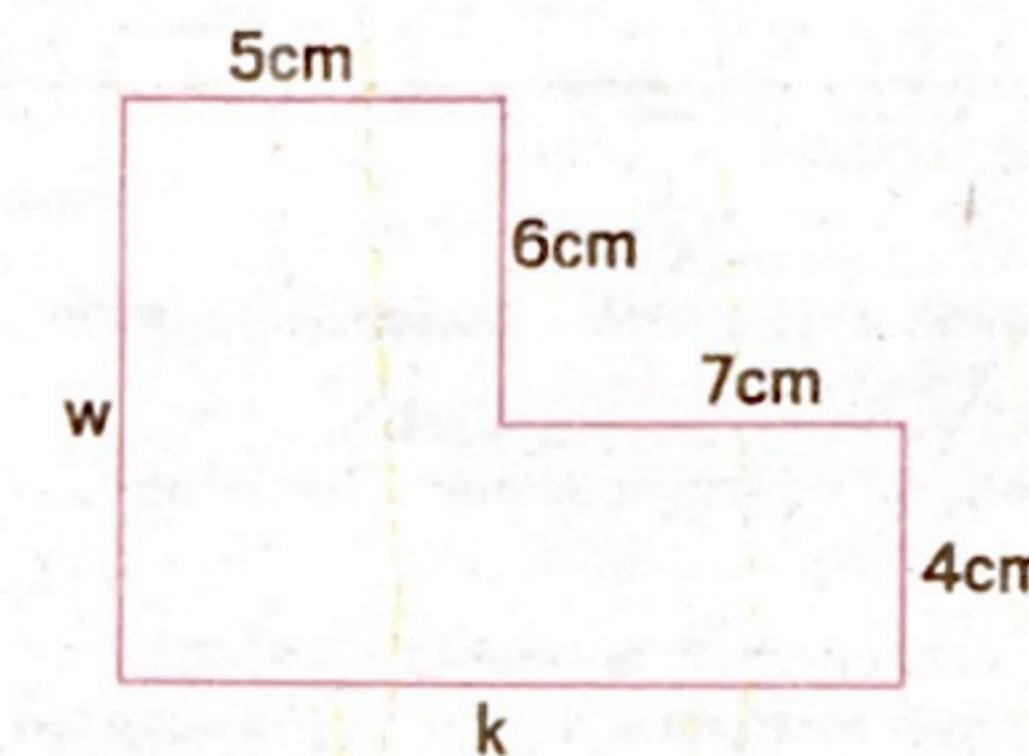

to fence the pound if the poles are to be 200cm apart and the cost of one pole is Shs5,000.

- Solve for n: $5(3n - 2) - 2(2n - 3) = 40$
- Solve and find the solution set for $+4 \geq +2 - 3x \geq -7$

- Moses left town A for town B at 60km/hr for 2 hours. He continued to town C covering 80km at 40km/hr. He rested for 30 minutes and returned to town B in only 1/2hr.

Find his average speed for the whole journey.

- Use the figure below to answer the following questions.

- Find the value of w.
- Find the value of k.
- The table below shows marks obtained by candidates in beginning of term exams

Marks	40	55	75	60	80
No. of pupils	3	4	4	2	1

- How many candidates sat for the exams?
- Find the range of marks.

- Work out the mean mark.
- At birthday party, Joel, Jack and Jackson contributed some money in the ratio of 3:2:5 respectively. If Jack contributed Shs45,000.
- What was their total contribution?
- What was Jackson contribution?
- A trader bought a 50kg bag of sugar at Shs200,000. At what price must the trader sell each kilogram in order to get a profit of 20%.
- The sum of three consecutive even numbers is 96. If the highest number is n.
- Find the value of n.
- Find the product of the highest and the lowest number.
- Study the Venn diagram below and use it to answer the questions that follow.

- Find the value of Y.
- Find the value of X.
- Find the G.C.F of Y and 36.
- Find the L.C.M of Y and 36.

Mathematics answers for Issue 03

SECTION A (40 Marks)

- $2^3 \cdot 2^{-12} = 2^{-9}$
- $3 - 3 + p = 10 - 3$
 $p = 7$
- $-7 - (-4) = -7 + 4 = -3$
- Thousands Units
13 014
Thirteen thousand, fourteen
- $M = \{1, 2, 4, 8, 16\}$
 $n(M) = 5$
- | | | |
|---|----|----|
| 2 | 12 | 15 |
| 2 | 6 | 15 |
| 3 | 3 | 15 |
| 5 | 1 | 5 |
| 1 | 1 | |

 $LCM = 2 \times 2 \times 3 \times 5 = 60$
- Mean = $\frac{\sum x}{n} = \frac{9+5+8+6}{4} = \frac{28}{4} = 7$
- $\frac{5-2}{6} = \frac{3}{6} = \frac{1}{2}$
- $\frac{3+3}{6} = \frac{6}{6} = 1$
- $m + (m + 20^\circ) = 90^\circ$

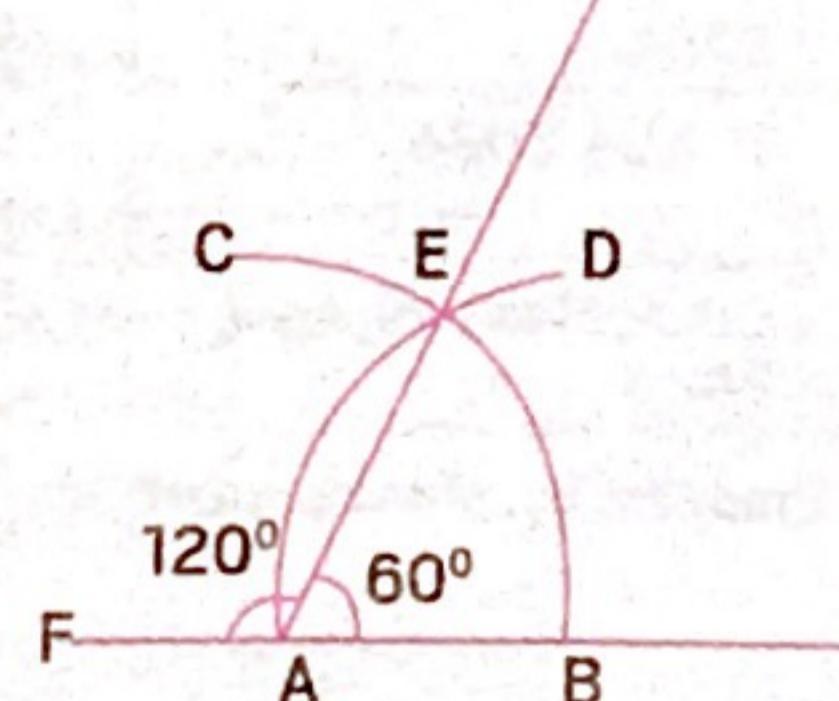

$$XC = 40 \text{ IV} = 4 \\ XCIV = 40 + 4 = 44$$

In words: Forty four

$$10. = \frac{8}{10} \times \frac{3}{10} = \frac{24}{100} = 0.24$$

$$11. 1000\text{m} = 1\text{km} \\ 5600\text{m} = 5600\text{km} \\ 1000 \\ = 5.6\text{km}$$

12.

$$14. \text{ Selling price} = 4 \times \text{Shs}2,500 = \text{Shs}10,000$$

$$\text{Profit} = SP - BP = \text{Shs}10,000 - \text{Shs}8,000 = \text{Shs}2,000$$

$$15. \frac{4}{5} \times 100\% = 80\%$$

$$16. m + (m + 20^\circ) = 90^\circ$$

$$2m + 20^\circ - 20^\circ = 90^\circ - 20^\circ \\ 2m = 70^\circ \\ 2 \\ m = 35^\circ$$

$$17. \text{Shs}20,000 \\ \text{Shs}5,000 \\ = 4 \text{ notes}$$

$$18. 2 \ 9 \ 10 \\ 3 \ 0 \ 0 \\ -1 \ 3 \ 4 \\ 1 \ 6 \ 6$$

$$19. \frac{3a}{3} = \frac{6}{3} \\ a = 2$$

$$20. 5702_{\text{nine}}$$

SECTION B

$$21. \text{Amount of money per item} \\ \text{Rice} = 3 \times \text{Shs}4,000 = \text{Shs}12,000$$

$$\text{Sugar} = \frac{3}{2} \times \text{Shs}3,000 = \text{Shs}4,500$$

$$\text{Pineapples} = \frac{8}{2} \times \text{Shs}3,000 = \text{Shs}12,000$$

$$\text{Total expenditure} = \text{Shs}12,000$$

$$\text{Shs}4,500 + \text{Shs}12,000 = \text{Shs}28,500$$

2	30	40	20
2	15	20	10
2	15	10	5
3	15	5	5
5	5	5	5
1	1	1	1

$$22. 2 \times 2 \times 2 \times 3 \times 5 = 120 \text{ minutes} \\ 60 \text{ minutes} = 1 \text{ hour} \\ 120 \text{ minutes} = 120 \div 60 = 2 \text{ hours}$$

Time of ringing together again

$$7:30 \text{ am} + 2:00$$

$$9:30 \text{ am}$$

$$23a. A = L \times W$$

$$= 90 \text{m} \times 60 \text{m}$$

$$= 5400 \text{m}^2$$

$$b) 1 \text{m}^2 \text{ costs Shs}30,000 \\ 5400 \text{m}^2 = 5400 \times \text{Shs}30,000 = \text{Shs}162,000,000$$

$$24a. 20 \times 80 = 1600$$

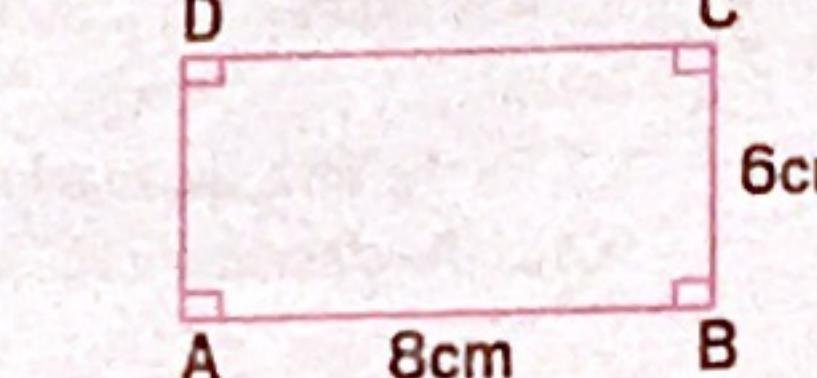

$$= 16 \text{ men}$$

$$b) \text{No. of women} = 80 - 16 = 64$$

$$\text{Difference in number} = 64 - 16 = 48$$

$$= 48 \text{ more women than men}$$

$$25a) \text{Sketch}$$

Accurate diagram: must have accurate measurements

Diagonal BD = 10cm (± 0.1 cm)

$$26a) (k+2) + 2k + (3k-1) = 31$$

$$6k+1 = 31$$

$$6k+1-1 = 31-1$$

$$6k = 30$$

$$k = 5$$

$$b) \text{Selly's age} = (3k-1) \text{ years} = (3 \times 5)-1 = 15-1 = 14 \text{ years}$$

$$27. \text{First to base ten}$$

$$1101_{\text{nine}} = (1 \times 2^3) + (1 \times 2^2) + (0 \times 2^1) + (1 \times 2^0) = (1 \times 2 \times 2 \times 2) + (1 \times 2 \times 2) + (0 \times 2) + (1 \times 1) = 8 + 4 + 0 + 1 = 13 \text{ten or } 13$$

Now to base two, the desired base

Base	No.	Remainders
5	13	3
5	2	2
5	0	

$$1101_{\text{nine}} = 23_{\text{five}}$$

$$28a) (3+7)-6 = (finite 7)$$

$$= 10-6 = (finite 7)$$

$$= 4 = (finite 7)$$

$$b) \text$$

Science

Neckson Kule

Mustard Seed Junior School, Sentema, Kibuye

SECTION A (40 Marks)

- Name the element of weather that supports the process of germination
- Give a reason why hives should be hung near the ground.
- State one use of iron in the body of a pregnant woman.
- Why is it not advisable to drink too much water while eating food?
- Give any one way in which filtration is important in the environment.
- State any one way in which candidiasis can be controlled among school children.

Below is part of a fish. Use it to answer questions 7 and 8.

- Name the part labeled X
- Complete the diagram above by putting the missing part
- Mention down any one activity that can be done by young farmers club in the community
- What is the function of blood capillaries in the teeth?
- State the reason why the amount of displaced water is said to be equal to the volume of an irregular object.
- How does one become a passive smoker?
- State the element of primary Health care (PHC) that is promoted by taking a pregnant mother to the hospital.
- State any one characteristic common to all annual crops.
- How does the use of bicycle help to conserve fossil fuels as non-renewable resources?
- Name the vector that transmits Trypanosoma germs to people
- What is the best time for transplanting seedling?
- Give a reason why road constructors should install flyovers along a busy highway road

The diagram below shows one of the management practices in sheep. Use it to answer questions 19 and 20

19. Name the management practices shown with letter K

20. How is the

above practice improving to a sheep farmer?

21. Name one organ that helps to remove urine from the human body.

22. Give one body condition that is caused by inadequate supply of oxygenated blood to the brain.

23. Give any one sign which is common between the people suffering from tuberculosis and those of HIV/AIDS.

24. Mention any one way in which you can soften and dissolve dirt from clothes during washing.

Use the diagram below of the blood vessel below to answer questions 25 and 26.

25. Name the blood vessel shown above.

26. Use arrows to show the movement of blood through blood vessel above.

27. State any one way in which the spread of polio can be controlled.

28. Give one way between cassava and carrots in the way they are preserved.

29. Why are we able to hear sound more clearly at night?

30. Apart from using wood, state one way of protecting hands against heat.

31. How important is an exoskeleton to organisms like insects?

32. Give one way in which bacteria and amoeba are similar

33. State one reason why a toilet paper is usually put on top of a water tank of a flush toilet

34. Why do desert plants develop leaves with thorns?

35. How does terracing help to conserve soil in areas that are hilly?

36. Name the method of making alcohol that does not involve use of heat.

37. How are rings of cartilage able to prevent the human being against suffocation during breathing?

38. What kind of worms causes itching around the anal area in children?

39. Give one way in which the lungs and stomach

of a paraffin victim can be prevented from damage.

40. Give any one effect of drought in an area

SECTION B (60 Marks)

41. State the type of cloud with the following characteristics;

i. Appear like white feather in the sky.

ii. Dark grey in colour

iii. White in colour like cotton wool.

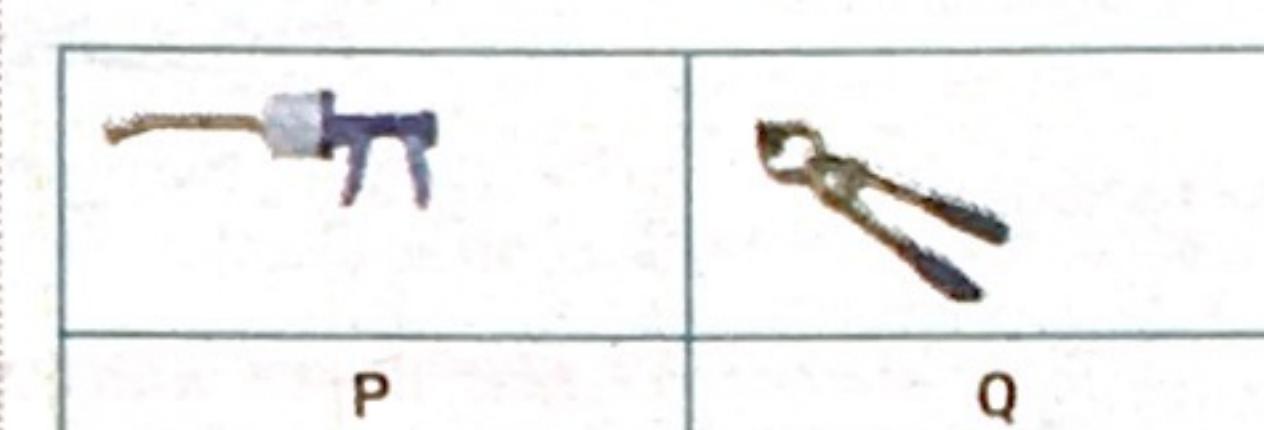

iv. White in colour like cotton wool.

42. (a) give the meaning of the following terms:

i. Vector ii. Pest

(b) identify any two activities done by people to control vectors at home.

43. The diagrams below show some equipment used by cattle farmers. Study and use them to answer questions that follow.

a. Write down one farm activity done by a cattle farmer using the equipment represented by letter P and Q as shown above.

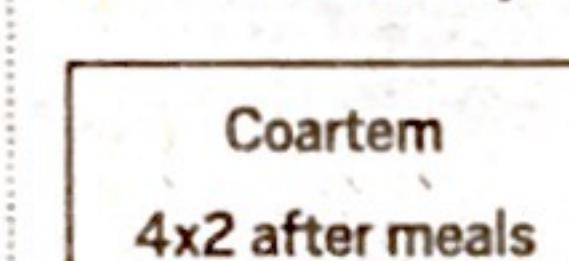

(i) P _____ (ii) Q _____

b. Apart from the activities mentioned in (a) above write down other two routine management practices done by cattle farmers.

(i) _____ (ii) _____

44. Below is a diagram showing a packet of medication that was given to Okello after going to hospital use it to answer questions below.

a. How many tablets do you think Okello has to take after two days? (2)

b. What name is given to the above written information?

c. Supposing Okello takes the medicine only once a day, what health danger would happen to him?

45. a. Identify any one method of harvesting root tuber crops.

(b). Give any one way in which root tuber crops can promote human life.

c. How does sun-drying help to preserve sliced harvested cassava?

(d). State one effect done by pests on root tuber crops.

46. (a) Name the groups of invertebrates to which the following belong.

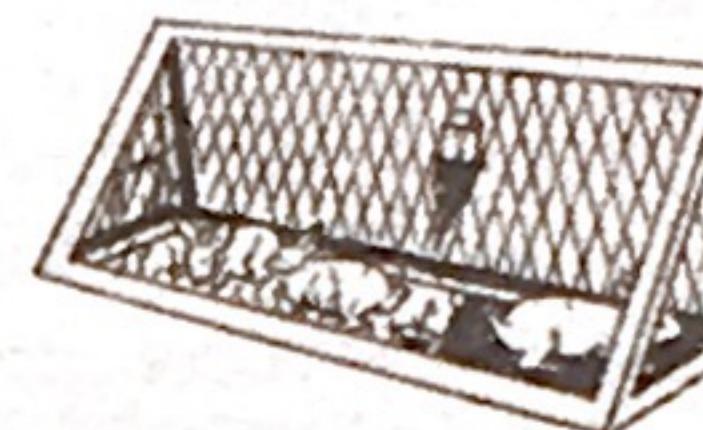

i. Star fish. ii. Jelly fish

(b) State any two ways in which the above invertebrates can promote human health.

47. The table below shows examples of alloys, metals used to make them and their uses. Complete the table by filling in the missing words.

Alloy	Combination	Use
Bronze	(i) _____	For making ornaments
(ii) _____	Mercury + copper	For filling dental cavities
Brass	Copper + Zinc	(iii) _____
(iv) _____	Lead + tin	For Joining wires

48. The diagram below shows an example of a modern hutch. Study it carefully to answer questions that follow.

a. Identify the type of hutch shown above.

b. Give two reasons why the above hutch is constructed with a wire mesh.

c. Why should a Morant hutch be placed on ground with grass?

49. a) Give any two ways in which organic mulches can help to conserve soil in the garden

b) mention down any two common organic mulches used by crop farmers to conserve soil.

50. a) Identify a tropism where a plant responds to:

(i) Light (ii) Water

(b) Give any two ways in which tropisms are important to plants in the environment

51. The following are some of the activities that take place in body during breathing. Study them carefully to answer questions that follow.

• The ribs move downwards and inwards

- The diaphragm relaxes

- The chest reduces in volume

- The lungs contract.

(a) Mention down the breathing mechanism demonstrated by the activities above

(b) Why do the ribs move downwards and inwards during the breathing process in (a) above?

(c) In which two ways does construction of lungs benefit the human body?

52. a) In which two ways is mass different from weight?

(i) _____ (ii) _____

(b) State the basic unit used to measure;

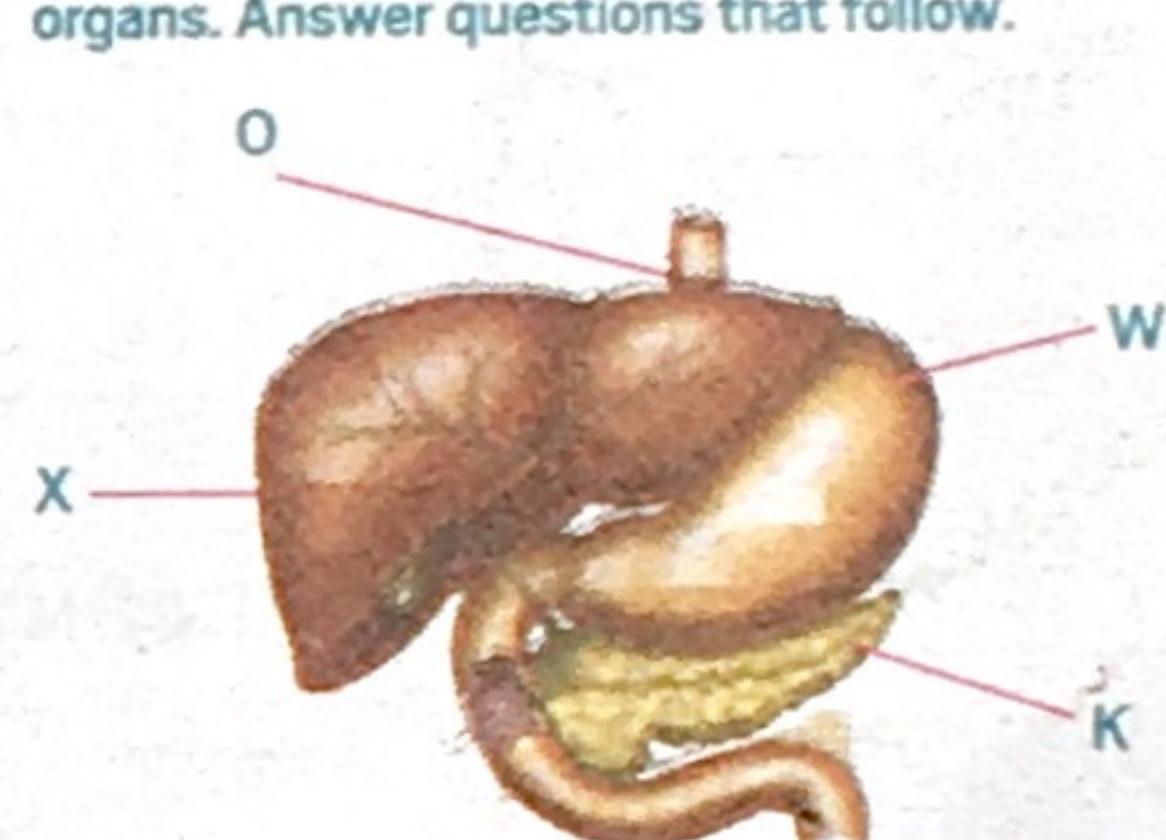

(i) Mass (ii) Weight.

53. a) State two ways in which radiation is useful to crop farmers.

b) Give a reason why heat travels through a vacuum by radiation

c) State one use of heat to health workers in hospitals.

54. The diagram below shows part of the human organs. Answer questions that follow.

a. Name the part labelled O

b. State one role played by W during mechanical digestion.

c. What digestive juice does organ Z produce?

d. Give any one enzyme found in the digestive juice produced by organ K.

55. a) Write down any two vices poultry farmers control by de-beaking chicken.

b) Give any two ways used by poultry farmers to identify the presence of vices among their chickens.

because it was his opportunity to see his cousins, Magola and Kakaire again after almost four years.

54. a) The writer went to the market with Magola to sell smoked fish.
